"Uncle Joe Cannon is sick," says an Associated Press dispatch. Roosevelt's next!

The North Carolina delegates to the St. Louis convention are not instructed, but they will learn something when they get to St. Louis next week.

Raisouli Bryan continues to dodge in the bush with a hope of kidnapping the Parker boom. However, Bryan talked too much and let the New Yorker's boom go to St. Louis under a big escort.

Roosevelt may as well be notified of his "cut and dried" nomination at once. His acceptance production has also been "cut and dried" long ago and only needs to be hauled out of its hiding place when the notification committee is ready to perfunctorate.

The Raleigh *Times* says every candidate for Lieutenant-Governor before the Greensboro convention was a lawyer. Blessed Tony! Just think of Joe Brown or George Morton applying for a "supersedeas," "a quo warranto" or a "habeas corpus!"

We have noted occasions when rain put a stop to a base ball game and saved one or the other of the teams from biting the dust of the diamond. It is rather odd, however, that the Russians hope for rain to put an end to the game which the Japanese are playing against them.

A big kick has been made because the wild women in the Filipino camp at the St. Louis exposition haven't got on enough clothing to satisfy the demands of modesty. We presume that their clothing is cut too low above the waist and cut too high up from the ground where the skirt ought to be.

Gen. Nelson A Miles, whom the the Prohibitionists want to nominate for President, is holding back the Prohibition convention because he wants to wait and see who the Democratic nominee is to be. He doesn't want to do anything that will aid Roosevelt's election. Gen. Miles has got horse sense.

The Republican party in its conventions and on every other occasion flaunts the flag of the country to advertise its patriotism. The G. O. P. ought to feel under obligations to Judge Parker for his decision upsetting the act passed to prevent the use of the flag for advertising purposes. Under such a decision such a thing as the Republican party can go on desecrating our flag.

LICENSES RENEWED.

Board of Aldermen Act Favorably Upon Fifty-eight Applications Last Night.

THREE BREWERY AGENCIES.

One Request Withdrawn Upon Objection by Several—Messrs. Sol Bear & Co. to Retire from Wholesale and Rectifying Business.

The Board of Aldermen last night, in special session for consideration of that subject, granted renewal of license for the six months ensuing July 1st to one distillery, three brewery agencies and 58 retail liquor dealers. All members of the Board were present except Alderman F. E. Hashagen, and less than an hour was consumed in reading the applications and passing upon the same. Care was taken to see that all endorsements were in due form, the Board profiting by its experience of six months ago when the applications were passed over without reading the signatures, subsequently subjecting the Aldermen to humiliation when some of the same applications were disapproved by the County Commissioners because they regarded the signatures as not those of free holders. The Board took precaution to prevent a repetition of the experience as soon as Mayor Springer had rapped for order and had stated the object of the special meeting. Alderman W. H. Yopp said that for one member he was determined that the finger of criticism should not be pointed at the Board for railroading the applications through without reading the endorsements and inquiry as to whether the six endorsers of each were free holders and had signed no more than one application as was required by law.

Then followed a general discussion of the best methods of ascertaining whether signers were free holders or not and City Attorney Bellamy was called upon for a definition of a free holder. The difficulty of ascertaining the eligibility of signers at once presented itself, as it was agreed that the tax books might not show the facts for the reason that the signer might be an heir of some estate and might own a non-taxable cemetery lot. Several gave their opinion that the county commissioners might have erred in turning down signers six months ago, inasmuch as it was understood that they had merely consulted the tax books to establish whether the signers were purchasers. Alderman Tiencken suggested that a man who signed the application swore that he was a free-holder, and if it was found that he was not, he could be indicted for perjury. Finally it was decided to read over the applications and endorsements and each Alderman could rely upon his own knowledge of the signers. If there was objection to any of the applications, that particular one could be laid over for consideration after others had been passed.

The list was then read over and no objection was made until the name of the last one was reached—C. E. Schachner & Co., who desired license to do business on Ninth and Bladen streets, his application having been in due form. Mr. Murrell moved that the license be not granted and it was seconded by Mr. Karr, both of the First ward, in which the applicant proposes to do business. Mr. Murrell said the place had once before been occupied by F. B. Brown, whose license was revoked because of disorder there. The location was "way out" and it was just a step "over the bushes" for a criminal to get away. Mr. Tiencken said there were other saloons in more remote localities and Ninth and Bladen had once been the scene of a very orderly bar, while the Union depot was in that neighborhood. The applicant had complied with the law by proper advertisement etc. and he did not regard the locality as so bad. Alderman W. E. Yopp said the license could be granted and revoked at any time should it be necessary. Alderman Karr said 25 or 30 residents in the locality had asked him to use his influence against the granting of license there. In that event Alderman W. E. Yopp said he would withdraw what he had just said. Alderman Gafford thought it unjust to make the applicant at present bear the odium of the place as conducted formerly by another man. Chief of Police Furlong was asked by Alderman Sweeney as to the locality and he recited the experience of the officers with the place as formerly conducted. Aldermen Sweeney and Moore said in view of that, they could not stand for granting the license. At that juncture A. J. Marshall, Esq., counsel for Messrs. C. E. Schachner and J. E. Ennett, who are understood to compose the firm, came to the railing and said that the applicants since filing the application had decided not to go into business and, therefore, desired to withdraw the request for license. He was permitted to do so.

The licenses granted are 58 in number, all of them being renewals except that of N. E. Gallagher, Fifth and Nixon streets. Mr. Gallagher formerly ran a distillery in the outskirts of the city. Three dealers at present made no application for renewal—Messrs. Sol. Bear & Co., wholesale dealers and rectifiers on Market street; J. E. Ennett & Co., southeast corner of Front and Dock streets, and George R. Bale, southwest corner of Second and Market streets. Messrs. Bear & Co., will engage in wine-making exclusively, in the rice mill building, on lower Chestnut street. The number of bar rooms is reduced by two. The full list of applicants granted license is as follows:

JUDGE ALLEN'S CHARGE.

Crime and Causes of Crime—Some Virtues and Abuses of the Jury System. Superior Court Sessions Yesterday Not Very Interesting.

New Hanover Superior Court for the trial of criminal causes convened at 10 o'clock yesterday morning and will be continued through the week or until all the cases are disposed of. Judge Oliver H. Allen, of Kinston, is presiding and his charge to the grand jury was the feature of yesterday's session. He went into a very clear vindication of the jury system when properly carried out and inveighed against the avoidance of service by many citizens of certain classes, who feel that they cannot spare the time from their business or trade to perform an important public duty. It was desirable to have men of all classes with a store of information upon many subjects in the jury box when matters of so varied a nature are to be adjudicated by them. Judge Allen said he would depart from the usual order and not charge the jury as to crime itself, but the causes which led to crime. He declared one of the chiefest of the causes to be neglected or abandoned childhood, and deplored the passing of the old system of binding out unprotected boys and girls. Judge Allen regarded the problem one of the most serious to be solved. He then passed on to the desirability of a reformatory, house of correction, or work house for juvenile and female convicts, expressing pleasure that he had assurance from the New Hanover Board of Commissioners that a movement to that end was already on foot as the result of his agitation of the question here about two weeks ago. Three other fruitful sources of crime, Judge Allen declared, were drunkenness, vagrancy and ignorance, enlarging upon each point in a thoroughly lucid and comprehensive manner. His charge was given closest attention by the jury and the large number of court attendants.

Upon the convening of the court, of the 36 jurors drawn for the term, the sheriff returned all except W. H. Dyson, Charles M. Wilson, R. J. Scarborough, F. A. Watson, J. C. Horne and O. P. Batton, who were not found. The number of excuses by the court was small.

The grand jury was drawn and duly empanelled as follows: W. H. Turlington (foreman), Geo. T. Hewlett, Jake L. Solomon, W. A. McGowan, H. H. Woebse, Geo. A. Peterson, J. C. Davis, W. H. Merritt, J. H. Hewlit, A. P. Merritt, J. M. Wright, R. L. Weaver, Jno. S. Hill, R. W. Street, H. M. Godwin, W. B. Cooper, J. A. Brothers and G. H. Savage. As bailiff of the grand jury Mr. W. R. Smith was sworn.

The remainder of the day's session was taken up principally with the hearing of submission cases and arrangements for the beginning of the Nelson murder trial at 10 o'clock tomorrow. A special venire of 200 was drawn yesterday and members of the same are now being summoned from which to select a jury at that time. The defendants are Albert Nelson and his step-daughter, Bertha Nelson, both white, and Janie Williams, colored, at whose house of ill repute an old negro raftsman from Pender county was found dead one morning about six weeks ago. The coroner's inquest at the time resulted in a verdict that deceased came to his death from an aneurism of the heart brought on by exertion in an attempt to defend himself from an assault for the purpose of robbery by the three defendants named. It is said that there will be no compromise of the case. By assignment of the court at the last term Albert Nelson will be defended by Louis Goodman, Esq.; Bertha Nelson by R. W. Herring, Esq., of the firm of Grady, Herring & Ward, and Janie Williams by Woodus Kellum, Esq.

Through his counsel, Herbert McClammy, Esq., Ernest Berry, a colored youth, submitted to an assault with a deadly weapon and carrying a concealed weapon. Berry was sentenced to 12 months, with leave to hire out to Mr. Hosea Shepard for payment of costs.

W. E. Tate, colored, charged with carrying a concealed weapon, waived bill, pleaded guilty and was fined $5 and costs.

Cases against B. F. Brittain, Walter Silvis, Wm. McKoy and Rachel Reneis were nol prossed with leave.

James Marine, charged with false pretence, failed to put in an appearance, and an order condemning deposit was issued, same to be applied to cost and balance paid over to school fund.

Julius Haynes, carrying concealed weapon, called and failed; judgment nisi sci fa and capias.

Major Henderson, colored, charged with the the larceny of some clothes, was found guilty.

Frank Fennell, a diminutive colored lad charged with the larceny of a bicycle from Mr. C. D. Gilbert, was found guilty, but Judge Allen left the judgment open, pending consideration of binding him out to some good man, who needs the services of such a boy.

The following talesmen have been ordered summoned for to-day: James E. Wilson, Willie Baldwin, Edward A. Kerr, Jos. S. Newton, G. H. Smith, M. F. Allen, Sam'l Bear, Jr., R. A. Cromwell, J. P. Herring, N. M. McEachern.

WILMINGTON, N. C.

TUESDAY MORNING, JUNE 28.

NORTH CAROLINA'S UNCERTAIN DELEGATION.

The North Carolina Democratic State convention assembled at Greensboro last Wednesday and finished up its work on Thursday, after adopting a platform, nominating a State ticket, and appointing four delegates at large to the St. Louis convention which is to assemble on Wednesday of next week to adopt a national platform and nominate candidates for President and Vice President.

The choice of the State convention and of the ten congressional districts gives the North Carolina Democracy, the following representation in the national convention.

Delegates at large—Gen. Julian S. Carr, Locke Craig, John E. Woodard, Maj. E. J. Hale. Alternates—Cyrus B. Watson, Kope Elias, Chas. O. McMichael, James A. Lockhart.

First district—E. F. Lamb, J. T. Taylor. Alternates—E. B. Ficklen, L. J. Lawrence.

Second—J. W. Grainger, W. H. Powell. Alternates—Fred. L. Carr, W. H. Joyner.

Third—N. O'Berry, D. L. Carlton. Alternates—H. L. Gibbs, John D. Kerr.

Fourth—Ed Chambers Smith, A. C. Zollicoffer. Alternates—J. A. Thomas, Judge T. B. Womack.

Fifth—Robt. L. Holt, P. B. Johnson. Alternates—J. S. Cunningham, V. S. Bryant.

Sixth—A. W. McLean, H. L. Lyon. Alternates—W. G. Green, H. C. McQueen.

Seventh—J. G. Boylin, E. E. Roper. Alternates—R. E. Geyer, N. Glenn Williams.

Eighth—Col. Paul B. Means, A. M. Varner. Alternates—T. C. McGuffy, G. W. Flowers.

Ninth—H. N. Pharr, Clyde R. Hoey. Alternates—C. B. Armstrong, J. H. Pearson.

Tenth—J. P. Sawyer, John C. Mills, Alternates—S. W. Blunnt, J. C. Fisher.

The State convention instructed the delegation to vote as a unit on all questions, but did not instruct as to whom to vote for President. The instructions bind the district delegates as well as the delegates at large.

There is no telling what the North Carolina delegation at St. Louis will stand for. In the first place it is not known how many of them or their alternates will attend. Those who do attend will control the entire 24 votes of North Carolina in the convention. It depends upon what the the majority of the number who do attend say as how to vote on all questions. As to the Presidency, it has been stated that the majority of the list favor Judge Parker under the present conditions. It is not known, however, whom the majority of those who will actually attend will be for. Instead of giving them instructions in accordance with the overwhelming sentiment in the State for Judge Parker, it was decided to let them go to St. Louis and get instructions from the politicians that will beset the delegation as soon as it lands there. They may do the right thing but we don't know whether they will or not.

We knew all along that there would be an element of uncertainty in an uninstructed delegation. Already speculation as to that uncertainty has commenced. For instance here comes Tom Pence in an after-convention special from Greensboro to the Raleigh *Post*, in which he says:

The twenty-four delegates who will represent North Carolina at the Democratic National convention in St. Louis next week have been chosen, and since the convention refused to hamper them with instructions, there is much speculation as to whom will be their choice for the presidential nomination. While on the surface there is a prevailing belief that the delegation is for Parker, I happen to know that there are at least some of the delegates who do not view with favor the candidacy of the New York jurist. With the nomination of the judge very much in doubt, the North Carolina delegates cannot be classed as Parker men. The majority are favorably disposed to him, and that is the whole story. This is their attitude with conditions ex sting as at present, but the future may have a different story.

The unit rule will prevail and the Tar Heel representatives will be governed by the decision of the majority. Who will be the choice of the delegates is a question often repeated, and the fact that several well known admirers of ex-President Cleveland were chosen last week has intensified interest in the probable action of the delegation. It is estimated that there are at least six Cleveland men in the delegation, with others disposed to consider favorably the nomination of the sage of Princeton. * * * William J. Bryan has them as well. There are several pronounced Bryan men among the delegates who will be ready to follow the lead of the twice defeated candidate for the presidency.

It is known that one and probably more of the delegates have been Hearst advocates. In his special Mr. Pence says that it is understood that every one of the alternates will go. The delegation will leave Raleigh next Saturday for St. Louis, by way of the Southern Railway. When they get there they will be butted into by a Parker boom that will make them sit up straight.

PRESIDENT PARKER

One week from to-morrow the Democracy of the United States will hold its national convention at St. Louis to nominate a President and Vice President. We would not be surprised to learn of Judge Parker's nomination on the first ballot, but just keep your eye on that fifth ballot, please.

All the States and Territories have elected their delegates to the national convention, with the exception of Missouri, which holds its State convention to-morrow. The contest for the Presidency is practically completed, however, for it is stated that the Missouri convention will dally with the "favorite son" nonsence and instruct for Senator Francis M Cockrell for President.

During the past ten days the State conventions have added fifty-four votes to Judge Parker's list They come from the States of Texas and Louisiana. During the past week conventions have also been held in North Carolina, Minnesota, Vermont and North Dakota. These States have sent sixty-two votes uninstructed.

O. O. Stealey, the Wasington correspondent of the Louisville *Courier Journal*, who has kept close tab on the situation, writes as follows:

The total number of delegates to the convention will be 994. Of this number 460 are uninstructed; that is, they are free to cast their votes for whom they please. The uninstructed vote comes from the following States: South Carolina, Montana, West Virginia, Maine, Pennsylvania, Oregon, New Jersey, Florida (5), Kansas, Ohio, District of Columbia, Alabama, Maryland, Nebraska, Michigan, Oklahoma, Colorado, Kentucky, Utah, Virginia, Vermont, Minnesota, North Dakota, and North Carolina. Total, 460.

Judge Parker's instructed vote is as follows: New York, Indiana, Connecticut, Tennessee, Georgia, Alaska, Louisiana and Texas. Total, 270.

Hearst's vote comes instructed from the following States: Iowa, Nevada, New Mexico, Rhode Island, South Dakota, Washington, California, Florida (4), Arizona, Wyoming, Hawaii, Idaho and Illinois. Total, 164.

Hence, in brief, the situation stands as follows:

Uninstructed	460
For Parker	270
For Hearst	164
For Cockrell (Missouri)	36
For Olney (Massachusetts)	32
For Wall (Wisconsin)	26
For Gray (Delaware)	6
Total	994

Necessary to nominate, 663.

Necessary to defeat a nomination, 332.

It now looks as if Parker would be nominated for the reason that his supporters will be able to organize the convention, and the forces opposing him have no candidate or organization and therefore no plan of concentration. It will be seen from the table above that if Judge Parker secures as many as one-half of the uninstructed vote he will have on the first ballot, 500 votes, or a majority of the convention. The indications are largely that he will have this vote, and there is do precedent where a candidate before a Democratic National Convention who has obtained a majority did not finally receive the requisite two-thirds.

The STAR has always believed that Judge Parker will be nominated, and if he is chosen as the candidate he will be elected or come very nearly frightening Roosevelt's broncho off the track.

We do not regard the renewed Cleveland boom seriously, but if he is nominated Roosevelt will have to look out for a job outside of the White House.

GROUSE ARE CLEVER.

They Evade the Hunter by Tricks That Display Intelligence.

The grouse has a hundred tricks of defense, says Outing. It will lie still until the hunter is within a yard of it, then soar straight upward in his front, towering like a woodcock; again, it will rise forty yards away, and the sound of its wings is his only notice of its presence. It will cower upon a branch under which he passes, and his cap will not be more than a foot below it as he goes, and, though it has seen him approaching, it will remain quiescent in frightful fear until his back is turned. It will rush then, and when he has slewed himself hurriedly around he will catch only a glimpse of a brown, broad wing far away.

Wounded and falling in the open, it will be found—if it is found at all—with the telltale speckles of its breast against the trunk of some brown tree against which its feathers are indistinguishable, and the black ruff about the neck of the male will be laid against the darkest spot of the bark. Often it will double like a fox; often as man draws near it will spring noiselessly into some spruce and hide until he passes, dropping then to the ground and continuing its feeding; often, too, it will decline to take wing, though unhurt, and will run fast for half a mile—so fast that the most expert woodsman will be unable to keep pace with it. This it will only do on leafy ground and never when snow would betray its tracks.

Merely a Hint.

AN AMERICAN PRODUCT.

Scores Another Great Victory in Germany.

Prof. Dr. Lüiner, Director of the "Scientific Station for the Brewing Industry of Bavaria at Munich" upon analyzing "Pilsner Urequell," the beers of the "Buergerliches Brauhaus" of Pilsen, Bohemia, and "Anheuser-Busch's Budweiser," under date of May 17, 1904, makes the following statement sworn to before Dr. Pundter Royal Notary, and verified by Hon. James H. Worman, U. S. Consul General at Munich, Bavaria:

"Upon subjecting the several beers to a careful analysis I find that the 'Budweiser Beer,' submitted by the Anheuser-Busch Brewing Ass'n, St. Louis, U. S. A., is very similar, in all its characteristics, to the finest and best Pilsener beers. It is effervescent, clear and sparkling, has a beautiful creamy foam and is possessed of a pure, wholesome taste and an exquisite hop flavor. Its keeping qualities by far exceed those of the Pilsener beers, resulting from the use of the very best materials in brewing, and the thorough maturity of the product. The analysis further shows that no acids or other preservatives have been used in its production, and as a result of my examination I pronounce 'Budweiser' a well matured bottled beer of the highest quality."

This acknowledgement, coming as it does from the recognized headquarters of the brewing industry of the old world, must be a great source of gratification and in a measure a compensation to the Anheuser-Busch people for their unceasing efforts to produce the finest beer that can be made. †

COTTON MARKETS.

By Telegraph to the Morning Star

NEW YORK, June 27.—The cotton market opened firm at an advance of fifteen to twenty-five points on old and seven to ten points on the new crop positions in response to better cables than expected and talk of too much rain in Texas, while it was also claimed that the weather in the eastern belt was too dry and hot with the showers forecasted too local in character and too scattering to relieve the situation. Shorts seemed to be covering from the start, but they were evidently less exercised over the present condition of the crop than they were over the possibility of adverse conditions in the future, and the buying consequently progressed in a leisurely manner with the advancing tendency interrupted by frequent reactions that in some instances carried prices slightly under the opening figures. The forecast for continued rain in Texas gave the market another slight upward turn and in the afternoon reports that one of the leading Southern operators was an active buyer of the late months in New Orleans also helped to energize purchases with the market finally steady at about the best prices of the season, a net advance of sixteen to thirty points. Sales were reported of 250,000 bales. Generally speaking trade accounts continue poor and there was some uncertainty as to the showing of the weekly crop report to-morrow and it was believed that shorts would attempt to cover between now and next Friday when the market will close over the Fourth, while on the following Tuesday the July report of the government will become available. The Liverpool market remained firm to the close with final prices nine to ten points higher on the old crop and about six points higher on the new crop.

SUFFERED A THOUSAND DEATHS

Five Physicians had done their best to cure James Wilkes, of Dillon, S. C., who had one of the most terrible cases of RHEUMATISM on record. They all failed until one doctor prescribed—

Rheumacide

IT CURED HELPLESS CRIPPLE.

Mr. Wilkes writes in the course of a long letter, dated August 18, 1902:

"My legs were drawn back until my feet touched my hips. I was as helpless as a baby for nearly 12 months. The muscles of my arms and legs were hard and shriveled up. I suffered death many times over. Was treated by six different physicians in McColl, Dillon and Marion, but none of them could do me any good, until Dr. J. P. Ewing, of Dillon, told me to try your RHEUMACIDE. I began to take it, and before the first bottle was used up I began to get better. I used 5½ bottles and was completely cured."

Dr. J. P. Ewing confirms Mr. Wilkes' statement in every particular.

SPIRITS TURPENTINE.

It is said that Senator Fairbanks, Roosevelt's running mate, was once a reporter on a Pittsburg paper. Well reporters are bound to get into bad company now and then.

—Charlotte is not to have a union depot but an agreement has been reached between the authorities and the railroad company. In lieu of a union depot the Southern proposed to build a handsome depot on the site of its present station. The plans were agreed upon all round and work will be commenced at an early day.

— Raleigh Post: We would remind our Greensboro friends, who like sometimes to indulge in a little fun, at Raleigh's expense, that if the streets of this town presented the condition of those of Greensboro, the street commissioner would have to get off the earth. We have done no great shakes in street work, not, by far, what we ought to have done, but we are, at the least calculation, twenty five years ahead of Greensboro.

— Charlotte Chronicle: The old soldier vote in North Carolina is not worth a cuss. In the case of Col. Julian S. Carr, who has done more since the war for the old Confederates in this State than any other man, it was rank ingratitude. In the case of Major Stedman it was indifference and neglect. When it comes to a contest between a soldier and a politician, the former might just as well lay down his arms.

— Charlotte Observer: "While we sympathize with Mrs. Bishop, we hope she will not be successful in her efforts to secure a pardon for her husband."—Durham Herald. With this we offer a belated suggestion to the people of Charlotte that they do not sign the petition. The little woman is to be commiserated, but if she knew the truth she is better off without this fellow than with him. His punishment is very light—five years for killing a man, whose home he had invaded, masquerading as a single man. He deserves more years than the court pronounced upon him.

— Charlotte Chronicle: For several reasons we confess to a feeling of disappointment over the defeat of Major Chas. M. Stedman for the nomination for Governor. It was the last chance North Carolina had to elevate one of the old time Southerners, a representative of the old regime, to that position, a man who would give that office the dignity so dear to the hearts of the people who love the State and its traditions. Again we wanted to see a Confederate soldier in the executive chair. The veterans of the State could have honored themselves and the cause for which they fought by making him their Governor. But chief of all, we thought Major Stedman the best equipped man in the State for the position. He is a man of excellent judgment, of judicial temperament, a fine gentleman of the old time Southern school, a man loyal to his State and his people. The honor, however, did not go his way and there will be no word of complaint from him. Rather he will be heard expressing his gratitude to those who stood so nobly by him. He will not be elected Governor, but he has found that he holds a warm place in the hearts of his countrymen.

CURRENT COMMENT.

—— And still they talk of Cleveland as the Democratic candidate. This kind of talk is now coming from the South. Gen. Fitzhugh Lee, of Virginia, after a long trip through the North, is uttering similar opinions. But this attempted reinflation of the Cleveland boom is unlikely to come to any result. Its chief use is to exhibit a defiance of Mr. Bryan and all his schemes.—Boston Herald.

—— Butte, Montana, can put in a good claim for high standing as a Summer resort if yesterday's weather is a guide. It snowed there in an intermittent way for several hours, and the mountains in that neighborhood "were covered with a blanket of white." With the thermometer marking 36 degrees, the claim may be said to be established.—Philadelphia Press, June 25.

—— Now that the Republican national convention has completed its work, stories of election betting offers in the financial district are heard. The tickers told yesterday of an offer by one Stock Exchange house to bet two to one on Roosevelt. This was the scale that was talked about on the curb. Later, one of the two professionals who are always early in the betting field announced that he had $10,000 to bet on Roosevelt at 10 to 8. On the curb, however, where is the "primary market" for election bets, representatives of houses which are accustomed to handle such business, said that they knew of no wagers having been laid. Offers had been made, but the odds were regarded as fictitious.—New York Tribune.

Can anything be worse than to feel that every minute will be your last! Such was the experience Mrs. S. H. Newson, of Decatur, Ala. "For three years," she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters, and the result was miraculous. I improved at once, and now I'm completely recovered." For Liver, Kidneys, Stomach and Bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by R. R. BELLAMY, druggist.

Dr. PIERCE'S FAVORITE PRESCRIPTION FOR WEAK WOMEN.

Her Makeshift Rivets.

The following sequel to a naval launch in England was not communicated to the press: Some years ago a ship which was to be christened by an illustrious personage got behind in construction. The personage was sure to be ready in time and could not be put off, but not so the ship. As a last resort some portions of the superstructure were partly made fast with leaden rivets in place of steel ones, the launch took place, and the situation was saved. When the vessel came to be completed for sea no one remembered about the rivets, and after a coat or two of paint they looked for all the world like the real article and behaved like it until the ship got into a heavy sea, and the process known to Mr. Kipling as "finding herself" began. It was then discovered that a "defect in machinery" or other euphonism necessitated a hurried return to a dockyard, where matters were hastily put right. —London Truth.

An Odd Spanish Custom.

An odd custom in Madrid is the manner of indicating the sleeping rooms of a house by a spray of palm leaves attached to the railing of the balcony. You will see palm leaves hanging to the balconies of nearly all the residences in town, those of the poor as well as the rich. A sheet of white paper tied to the iron railing means that the room is for rent; a palm leaf means that it is the sleeping chamber of a pious Catholic who brought it home from church on the last Palm Sunday and placed it there to keep away evil spirits, diseases and misfortunes. It remains there the entire year until the next anniversary, when a new palm, fresh from the blessing of the priest, is substituted.

Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption, Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, of Bentonville, Va., serves as example. He writes: "I had bronchitis for three years, and doctored all the time without being benefitted. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all Lung and Throat troubles, Consumption, Pneumonia and Grip. Guaranteed by R. R. BELLAMY, druggist. Trial bottles free; regular sizes 50c and $1.00.

GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Manuell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '99, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

TUESDAY MORNING JUNE 28.

A LYNCHING IN MISSISSIPPI.

Negro Hanged for Usual Crime, and His Victim Takes Part in Execution.

By Telegraph to the Morning Star

MEMPHIS, TENN., June 26.—A special to the "Commercial Appeal" from Eupora, Miss., says:

Starling Durham, a negro, wanted on the charge of criminally assaulting the 14-year-old daughter of John Wilson, a white man, near Bellefontaine, two weeks ago, and attempting to criminally assault three young ladies named Dunn, near this city, all during the course of the same day, was hanged in the public square here today by a mob. The noose was placed about the negro's neck by the little Wilson girl, who positively identified him as her assailant. The negro was then placed upon the back of a large black horse, and at a signal from the leader of the mob the little Wilson girl led the horse from under him.

Over 3,000 persons, white and black, witnessed the hanging. The lynching was as orderly as a legal execution. After being assured that the negro was dead, the mob cut down the body and turned it over to relatives for burial.

TO WED BRITISH OFFICER.

North Carolina Belle to be Married at Biltmore.

By Telegraph to the Morning Star.

ASHEVILLE, N. C., June 26.—The marriage of Miss Madelon Battle, of Asheville, N. C., and Capt. Mortimer Hancock, of the Royal British Fusiliers, will take place at All Souls' church, Biltmore, N. C., on July 2 at 5 o'clock in the afternoon.

The wedding will be a mauve and white one, mauve being a favorite color of the bride, and the color scheme will be artistically carried out.

Mrs. T. D. Leonard, of New York, will be matron of honor. The bridesmaids will be Miss Marie Rees, Miss Rita Rees, Miss Helen Doyle, of Asheville, and Mrs. Clarence Hoxie, of New York.

Capt. Hancock will have as his best man Lieut. G. E. Hawes, of his regiment, the Royal Fusiliers.

They will go abroad the latter part of July and will spend some time in England, after which they will go to Bermuda, where Capt. Hancock's regiment is stationed.

Miss Battle is the daughter of Dr. S. Westray Battle. She comes from a noted old Southern family and is a favorite in social circles.

GAMBLING HOUSE ROBBED.

Successful Game Worked by Thieves. Over $1,200 Taken.

By Telegraph to the Morning Star.

HOUSTON, TEXAS, June 27.—Thieves to-night worked a successful scheme for the robbery of a gambling house. About 9 o'clock a piece of dynamite was exploded under a poker table and the crowd of one hundred immediately made a rush for the exit. A second explosion followed and the crowd was frantic. During the excitement some one grabbed the bank roll at the faro table, getting between $1,200 and $1,500 out of the drawer. Men had been stationed at each of the crap tables and at the roulette wheel, but the rolls were not touched, so it is presumed that the robbers weakened. No one was hurt, though the poker table was wrecked and the rim of the dealer's hat was torn away.

By Telegraph to the Morning Star.

NEW YORK, June 26.—Five persons were drowned in the bay off Forty-seventh street, Brooklyn, by the overturning of the 38-foot sloop yacht Elsie and Katie in a heavy storm that swept over New York this afternoon.

Eight other persons who were on the yacht at the time were rescued by members of the Second Naval Battalion, who put out in whaleboats from their armory at the foot of Fifty-second street.

EXPLOSION IN A FIREWORKS PLANT.

Three Persons Lost Their Lives and a Half Dozen Others Sustained Injuries.

THREE BUILDINGS BURNED.

Cause of the Explosion Not Known Three Firemen Were Injured While Rescuing People on the Third Floor of Fireworks Plant.

By Telegraph to the Morning Star.

PHILADELPHIA, June 27.—Three persons lost their lives and a half-dozen others were injured late to-day as the result of the explosion of a small bundle of fireworks in the store-room of the Diamond Fireworks Co., No. 826 Arch street. The dead are: Jacob Sancovitch, aged 28 years; O. Berman, 27; Lena Sampson, 21. The cause of the fireworks exploding is not known. Thomas Conway, one of the firm of the fireworks company, was wrapping up a small bundle of fireworks for a customer when it exploded. Almost instantly the entire room full of fireworks became ignited from flying rockets and fire-crackers. All the employes on the first floor escaped without injury. The front of the first floor was blown out by the explosion of powder and soon the entire building was in flames. Every effort was made to rescue those on the third floor. Firemen climbed ladders in the midst of the pyrotechnics and finally reached those of the third floor. Miss Sampson and Jancovitch were found alive, but died in a hospital. Berman was dead when he was taken from the building.

During the rescue three firemen were injured and three other persons were also cut and burned, but their injuries are not considered serious.

The flames spread to the building occupied by H. S. Kliner & Company, publishers of Catholic books, and that occupied by J. L. Gibney & Brothers, dealers in automobile supplies, but did no serious damage. The entire loss on all three buildings, including stock, is estimated at $30,000.

EXCITEMENT AT EVANSVILLE.

Caused by Announcement That a Negro Had Criminally Assaulted a White Woman—Story Doubted.

By Telegraph to the Morning Star.

EVANSVILLE, IND., June 27.—Harry Smythe, a messenger, ran into the police station early to-day and announced that a negro had criminally assaulted Clara Weinbach, aged 20, with whom he was walking a few minutes before, and that he had been driven away at the point of a revolver and with threats of death. He said the assault had occurred in the yard of the Chandler avenue school house. Officers were hastily detailed and on reaching the school house met Miss Weinbach coming out. She repeated the story of the attack on Smythe by the negro, of her efforts to assist Smythe, of Smythe's flight for aid, and of her being dragged into the school yard and assaulted. She gave a description of the negro. There was intense excitement. A sheriff's posse was organized, extra police were sworn in, officers of the National Guard were notified to be ready to protect the prisoner, and Baptist town, the scene of the race riots of July last, was searched. Several suspected negroes were held for examination.

Capt. Brennecke, of the police department, while the search was being continued, after daylight called at the home of Miss Weinbach and found her apparently in no serious condition. She talked calmly of the experience of the night, and on leaving her Capt. Brennecker announced that he doubted the story that a negro was the guilty man. He intimated that under close questioning Miss Weinbach had implicated a white man who was a rival of Smythe for her affections. This announced belief by the police authorities quieted the excitement.

THIRTY-THREE MEN KILLED.

Laborers Employed at Work in a Conduit Near Kingston, Jamaica, Accidentally Drowned.

By Telegraph to the Morning Star.

KINGSTON, JA., June 27.—Thirty-three persons were killed by an accident which took place near Spanish Town (ten miles west of Kingston), this morning in the main conduit of the West India Electric Company which operates the street cars from Kingston, and the shareholders of which are principally Canadians.

Nearly one hundred laborers had been detailed to remove sand from the enormous pipe which is a mile long and which conveys water from the in-take on the Rio Cobre to the turbines of the power house. The work had been practically completed when orders were given to allow a small quantity of water to enter the conduit. Through misapprehension, accident or carelessness, the full force of water was turned on and a mad struggle to escape by means of the man holes ensued with the result that thirty-three persons were killed. The tragedy has cast a gloom over the colony and a rigid investigation into the cause is now in progress.

JUDGE GRAY'S CHOICE.

Hopes Cleveland Will be Nominated at St. Louis Convention.

By Telegraph to the Morning Star.

PHILADELPHIA, June 27.—A special to the Philadelphia *Record* from Wilmington, Del., says:

"Judge George Gray expressed his hope that former President Grover Cleveland would be nominated for the presidency by the St. Louis convention. Next to Cleveland, he favors Judge Parker for the nomination.

When asked if his own resolution not to be a candidate had been change by the instructions of the Delaware delegation in his favor and by the recent indorsement of his candidacy by leaders in various States, Judge Gray said:

"'I have repeatedly stated that I am not, and will not be a candidate for the presidential nomination.

"'I have repeatedly said that I am in favor of Judge Parker if Mr. Cleveland is out of the question. Mr. Cleveland has been my first choice. If he does not receive the nomination I hope it will go to Judge Parker.'"

Bill posters from Delaware, Maryland, District of Columbia, West Virginia, Virginia and North Carolina met in Richmond, Va., and organized the Middle Atlantic States Billposters and Distributors' Association. There were twenty-two delegates present, representing more than one hundred cities in the above named States. S. A. Schloss, of Wilmington, was elected secretary.

SENSATIONAL AFFAIR IN A BARBER SHOP.

Rev. Dr Len G. Broughton and the Chief of Police of Albany, Ga., in a Fight Charges Made by the Minister.

By Telegraph to the Morning Star.

ALBANY, GA., June 27.—Rev. Dr. Len G. Broughton, of Atlanta, and Chief of Police R. W. Westbrook were the central figures in a sensational fight which occurred about 6 o'clock this afternoon in the barber shop of Levi Dawson on Broad street. The fight was the outcome of charges preferred against Westbrook in a sermon by Broughton Sunday afternoon in the Chautauqua auditorium. Broughton charged that Westbrook was a drunkard and that he could be found at all hours in the lowest dives in the city. He claimed to have affidavits in his possession to prove his charges and said he was ready for an investigation if one was desired by Westbrook.

The sensation of Broughton and Westbrook has been the sole talk of the people on the streets of Albany to-day and a fight was freely predicted should Westbrook and Broughton meet. When Westbrook entered Dawson's shop this afternoon Broughton was in a chair being shaved. As soon as Westbrook saw him he went for him. Broughton was struck several times by Westbrook, when friends of Broughton interfered and hauled Westbrook off of him.

Four or five hundred people collected quickly in front of the shop and for a while it appeared that a general mix-up was imminent. The affair has caused a great sensation and it is freely predicted that more trouble will result from Broughton's charges.

Cruger Westbrook, a son of Chief Westbrook and the senator from this district in the present assembly, had a fight with Mr. R. W. Jordan, it being believed that Jordan is the man who furnished Broughton with his evidence Jordan was knocked down but not seriousl hurt.

TO SOUTHERN DEMOCRATS.

Thos. F. Ryan, a Virginia Delegate to St. Louis, Urges Selection of Candidate Who Will Command Success.

By Telegraph to the Morning Star.

NEW YORK, June 27.—Thomas F. Ryan, who is a delegate from Virginia to the Democratic National Convention at St. Louis, believes that the Southern delegates should co-operate to secure a nomination which will invite success. He said to-day:

"In the light of the Republican convention, the Southern people have more at stake in the Democratic convention soon to meet in St. Louis than all the rest of the people of this country. Without the South there would be no Democratic party. The delegates from that section to be true to themselves and the people, should insist that all differences, whether personal or political, be subordinated to the unification of the party and the selection of a candidate who will arouse the enthusiasm and fire the hopes of Democrats everywhere. Success means continued white supremacy in the South with all it implies. It means that the political faith of the people of that section shall be changed only by appeals to judgment and conscience as to what is best for all the people of our common country, and not through Federal laws dictated and enforced by a centralized and politically hostile administration at Washington, reinforced by the United States marshal when other methods no longer avail.

The feature which stands out in the work of the Republican national committee which has just adjourned was not its prearranged nomination of President Roosevelt, or the stand pat attitude on the tariff. Its real spirit is found in that deliberate declaration about Southern representation--a spirit which foreshadows a new force bill and makes inevitable a concerted movement to revive all the evil passions to which such an appeal is made.

"Until recently this idea has had in it nothing more serious than was involved in the idle talk of a few hotheads or in the efforts of notoriety seekers to command a hearing; now it becomes the deliberate policy of a great party which sees in it an opportunity to forge a new weapon for prolonging its tenure of power.

"This policy is adopted in defiance of the uniform decisions of the courts from the lowest to the highest; it sets at naught the precepts and the example of the late President McKinley; it belies the boasts of the party leaders that unity had come to the country, and it overlooks the steady movements which have promoted with so much efficiency the industrial development of the South, now recognized as so vital to the future growth of the whole country. Instead of something to typify these tendencies, the bloody shirts buried since March, 1885, is resurrected as a party banner.

"The South is to be congratulated that the party has on guard in both the House and the Senate the best organized and the ablest led Democratic minority since the war."

RECEIVER ASKED FOR.

Bill Filed in New Jersey Court for Dissolution of Standard Oil Co.

By Telegraph to the Morning Star.

TRENTON, N. J., June 26.—Charles D. Henderson, Jr., of Jersey City, and Jos. M. W. Newlin, of Philadelphia, counsel for George Rice, of Marietta, Ohio, to-day filed in the Court of Chancery a bill for the dissolution of the Standard Oil Company, a New Jersey corporation, charging that the company is illegal and that it exists in violation of the anti-trusts laws of the United States and of the decision in this State relating to monopolies. The bill asks that not only the company be dissolved, but that its assets be distributed among its stockholders after paying off the outstanding securities. For the accomplishment of this purpose it is asked that a receiver be appointed.

FRANCE AND GERMANY

Will Act Harmoniously in Demanding Reparation from Hayti.

By Cable to the Morning Star.

BERLIN, June 27.—The government has decided to send a warship to Port au-Prince, Hayti, after having agreed with the French government that a simple apology was not sufficient reparation by the present government of Hayti for the recent stoning of the French and German ministers by the palace guard at the Haitien capital. What form of expiation the two governments will demand is not yet known, but Germany has decided to act harmoniously with France.

The West Virginia delegation to the Democratic National Convention started for St. Louis yesterday, occupying several private cars. They will launch a boam at St. Louis for John T. McGaw of West Virginia as a vice presidential candidate.

A GREAT BATTLE SEEMS IMPENDING.

The Russian Army Has Assumed the Offensive Against the Japanese Forces.

SEVERE FIGHTING REPORTED.

Russians Said to be Gaining the Upper Hand—Russian Troops Hurrying to Front All Day Sunday—Conditions at Port Arthur.

By Cable to the Morning Star.

TA TCHE KIAO (between Kai Chou and Hai Cheng, Liao Tung peninsula) June 27, 2:45 A. M.—A great battle seems to be impending. A portion of the Russian army has assumed the offensive against the Japanese forces commanded by General Oku, and it is reported that General Kuroki is moving along the Russian left flank against Hai-Cheng. According to a high placed personage, General Kuroki's army is strong enough to take the offensive and he presumably is anxious for a decisive action before the rains begin.

Sharp firing was heard in the hills yesterday at daybreak and severe fighting is reported to be in progress near the village of Ton Chen. An officer who galloped in yesterday evening reported that the Russians were gaining the upper hand and driving back the enemy. This, however, has not yet been confirmed.

Gen. Oku's Army.

CHICAGO, June 27.—A special to the "Daily News" from Tokio says:

"It is stated by the war office that General Oku's army has passed the mountain barrier, protecting the right flank and rear of Kuropatkin's forces, in the passes between Kai-Chou and Motien pass. The Russian position has thus been rendered strategically untenable, and it is expected it will be made actually untenable in the course of the operations of the coming week, unless the Russians resist the advance of the Japanese more successfully than hitherto. In that event General Kuroki will be relieved of the necessity of attacking frontally the main strongholds of the Muscovites between Feng Wang Cheng and the railway.

All day yesterday Russian troops were hurrying southward from Ta Tche Kiao and after night fell battalions were continuously moving out briskly to the accompaniment of their battle songs. Clouds of dust hung over the marching columns and the chorus of the infantry singers was occasionally interrupted by the rattle and clang of guns drawn at a smart trot and followed by galloping squadrons of cavalry. It was a stirring spectacle to see the Russian army eagerly hastening, singing into battle. The old battle hymns last heard in the Balkans resounded among the hills and valleys as with bayonets glittering in the setting sun the regimental colors were borne majestically forward. For hours after darkness fell over the scene one could still hear the rattle of moving guns, the creaking of commissariat wagons and the tread of marching men, while occasionally, in place of the war songs of the soldiers, homely melodies recounting the joys of village life, which carried the minds of the men back to their distant homes in Russia, echoed through the air.

As this dispatch is filed news has reached here that General Kuroki is marching upon Hai-Cheng. There are very many military attaches and newspaper correspondents here.

ST. PETERSBURG, June 27, 5:47 P. M.—The Japanese have evacuated Senu-Chen. In the meanwhile Gen. Kuroki is advancing on Hai-Cheng, ready to attack the Russian left, and is again moving troops north from Feng-Wang-Cheng.

The result of the two recent developments, it is believed by the general staff, will defer the prospects of a big battle.

The Russians lost 81 men in the recent fight north of Ai-Yang-Pin-Men, about 60 miles northeast of Feng-Wang-Cheng, on the Mukden road.

Port Arthur.

CHE FOO, June 27, 7 P. M.—Chinese arriving in junks from the vicinity of Port Arthur report that the Russians have ordered all Chinese to leave the place. A number of shells fell in the town of Port Arthur during the bombardment by the Japanese on June 23rd, but no damage was done, many of the shells failing to explode. A Japanese officer who went on board one of the junks off the Miao-Tao islands, 75 miles south of Port Arthur, told the Chinese that one Japanese torpedo boat was damaged during the engagement off Port Arthur on June 23rd and sank in the gulf of Pe-Chi-Li. The officers stated that two other Japanese torpedo boats were badly damaged.

Armies Confront Each Other.

ST. PETERSBURG, June 27.—Lieutenant General Sakharoff's dispatch, received to-night, confirms the belief that the great decisive battle of the campaign between General Kuropatkin's main army and the armies of Generals Kuroki and Oku is imminent. The three armies probably aggregate 300,000 men, and their outposts are to-day in touch all along the line.

The Japanese evidently tried to draw Kuropatkin as far south as possible, holding out as an incentive a check to the advance of Oku's main army. Meantime Oku swung sharply to the eastward to join Kuroki toward the Chapan pass, Kuroki at the same time moving a strong force by the right flank towards Hai Cheng.

The main Japanese advance continues along the main Feng Wang Cheng Liao Yang road, avoiding the Mao Tien pass by a detour to the northward. The advance in all points is being attended by constant skirmishing.

According to the Associated Press dispatch from Ta Tche Kiao to-day, a large force has pushed southward from Ta Tche Kiao against Oku. While Kuropatkin is thus extending himself, the Japanese with great mobility seem to be trying to concentrate for the purpose of striking the Russians in flank and rear.

There is a belief that the Vladivostok squadron put to sea Saturday and is likely to be next heard of in the Corean straits.

NEW YORK, June 27.—Geo. Overbaugh, aged about 50 years, a retired stock broker, of Fayetteville, N. C., committed suicide by drinking a quantity of carbolic acid, and was found dead in his bed to-day by his sister, Mrs. William Jesup. Mr. Overbaugh came to New York several weeks ago from his home to be treated for nervous insomnia.
